

**Washington DC** - In celebration of Memorial Day week, Congressman Costa visits the troops.

Congressman Costa was invited on an official congressional trip overseas that will include stops in Kyrgyzstan, Uzbekistan, Afghanistan and Pakistan. In addition to military personnel, Costa will be joined by Representatives Mike Sodrel (IN-09) and Lincoln Davis (TN-04).

"During the week of Memorial day, I will be visiting troops who are at the front lines of our war on terrorism. As a Member of Congress, if you vote to put American men and women in harms way, you should be prepared to see first-hand the challenges they are facing. In addition, I will be meeting with the leaders of these countries. I'm looking forward to seeing what the troops face on a day to day basis and expressing my strong support for the work they do" Costa stated.
